Passing up traditional sports,

# Pushed to the Extreme

On t.v. almost every day we see people doing close to impossible things in extreme sports; whether it's Shawn White flying down the mountain side or Travis Pastrana hitting a double back flip.

These athletes are powered by their nonstop supply of adrenaline

to push their sport to the limit.

They put in hours upon hours of hard work to accomplish these tricks and stunts.

Extreme sports can be found almost everywhere you look.

Skateboarders can be seen practicing across from the school and kids can be found riding quads in the fields and wakeboarding on the lake. "I really enjoy wakeboarding," says Richard Vielhaber, pictured above, "It's a total unadulterated adrenaline rush and self accomplishment."

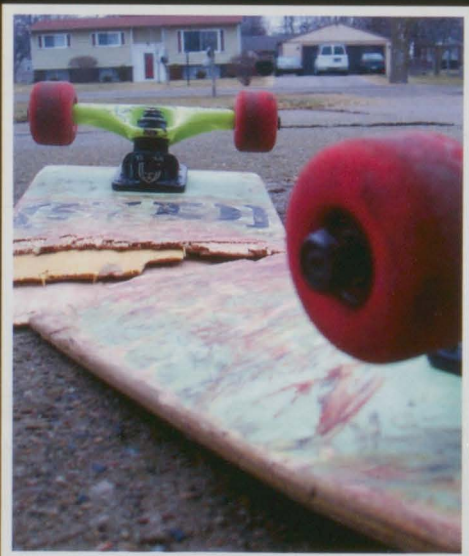

There are many reasons to start an extreme sport. Many kids dream of becoming professional athletes, but for most this remains a mere dream.

Instead, these kids push themselves to beat out their opponent or for the thrill of learning a new trick.

These are no ordinary students. They take sports to a new level by passing up traditional sports and pushing it to the extreme.

### Mr. Cutler saves a man from a burning building

"I have had a couple people request a telling of what happened yesterday. Here it is: I woke up to an explosion at about 5 am. outside my bedroom window there was a light shining on the house. Then I realized the color was not right. My next thought was that our storage shed outside the bedroom window was on fire. I jumped out of bed, yelled to Sally to get up, and then saw that the back of the neighbor's house was on fire.

I yelled to Sally to go wake up the people and I would call 911. I made the call and then put on my boots and coat to follow Sally outside. I ran back to the kitchen for a fire extinguisher and went outside. I was going to use the extinguisher on the fire and Sally hollered at me that no one answered the door at the house on fire, but the door was unlocked. She said she tried to open the door, but something blocked the way. Sally went to another house to wake up the people and I went to the front door of the house on fire. I opened the door and saw a hand on the floor. I reached for the hand and thought I heard a dog growl and snatched my hand back. I then realized it was a person breathing. After wrapping my scarf around my head, I pushed open the door enough to get in. The heat and smoke were horrible beyond description.

#### *'I thought I was going to die with the man.'*

Somehow I rolled the man over enough to get the door open and then I crawled out on the porch to get some fresh air into my lungs.

I went back to the doorway, grabbed the man's wrists and dragged him out onto the porch. I yelled to Sally to come over and she helped me drag him off the porch and away from the house. Sally ran back to our house to get a blanket and pillow for the man. While there, she also awoke our two children and told them to get ready to evacuate.

Sally came back and we covered the man. One of the neighbors recognized the man as Kevin and we tried to wake him. A police officer came and we moved Kevin to the other side of the street. The officer asked us if others were in the house and we did not know. A neighbor said there are usually two cars in the drive, but the drive was empty.

EMS came and took the man, Kevin, away. Firefighters arrived on the scene. The police officer interviewed me about what Sally and I did and also our names. He mentioned to me about having EMS people check me over and I told him I would be okay. The park manager appeared and I talked to her for some time. Then I went looking for Sally, Emily, and Craig. They were at the mailbox area inside our van with the dog. I got in and talked with them. When I started warming up, my cheeks began feeling hot. I told Sally that I would like the EMS people to see me and we went looking for the police officer. We found him (he had been looking for me, too) and he radioed for EMS.

Sally said she would call school and take care of a substitute. Sally and the children followed me to the hospital. After the doctor and nurse gave me a preliminary look and I had called Coreena to give sub lessons, they returned home.

Then I was subjected to blood tests, chest x-rays, treatment on the nose burns, and oxygen. I was able to get breakfast in bed!! A man from the ER station talked to me and said there was another man in the house and he had died.

Sally returned with some clean clothes at about 11, and I was released from the hospital. Later that afternoon, Kevin's sister stopped by to say thanks for helping her brother."

"My first year at Capac has been wild and crazy and wonderful. I've enjoyed getting to know all the kids. What a great job I have - coming to school every day to make music with the best kids in the school."

**Ms. Katie Lauwers**

"During my first year, I only was able to meet a handful of the great students at Capac High School, but the year was full of memories and laughter. I'd like to thank that handful of students for making my first year such a positive and unforgettable experience."

Brandy Peryerk switched to distance after getting knocked down by Algonac. (It's on youtube, just type Capac girl)

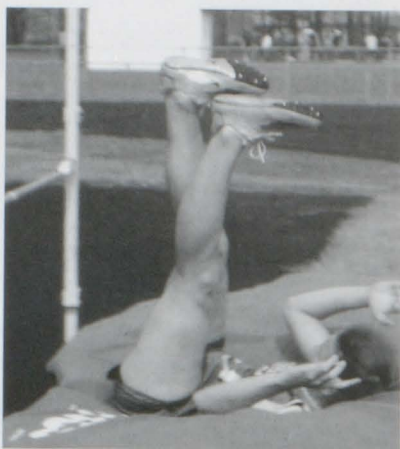

Amanda Bryant running in the cold temperatures at Bad Axe. Obviously the cold can't stop her.

Jade Detroyer gives it her all in the final stage of the 800 relay. That's the picture definition of dedication

Nichole Parks runs the open 400 at the BWAC meet and looks to run her best time all season.

**Above:** Nichole Parks gets over the bar in high jump pretty easily I might add.

**Right:** Jennica Polzin pushes herself in the 100 hurdles. She just barely didn't make states.

# Public Display of Affection

As the Seniors graduate each year, it gives us all a chance to look back and remember their early years. Each year we allow the Senior's parents, and now students to purchase a personalized statement to their child or group of friends. They last a lifetime and is a wonderful way to express how much you care for your Senior. The Capacian Yearbook Staff thanks all the parents and students who took out a PDA, and congratulate all of the graduating seniors of the CLASS OF 2009!

*"The future belongs to those who beleive in the beauty of their dreams."*

# Gabriela Sabatino

Gabriela,

As you know, your life has been full of many challenges. Just remember that life isn't necessarily about finding yourself but more about creating yourself. You are not afraid to speak your mind for yourself or others. Your wit, kindness and your drive for life can take you anywhere you want to go. May your new path in life be full of success and happiness. As your sister once said, "Stay Smart." I am proud to have you for a daughter and very proud of all your achievements in your school years. Sadly, I will miss all of your school years and all that we have been through, but I look forward to what life will bring next. Your hard work will always pay off with great outcome.

Remember, I am always here for you and I love you very much!

Love Mom

Congratulations Gab! I love you big sis. Love always Geanna

# Thomas Manney

Tommi,

You have made us all so very proud!

Love,

Mom, Dad, Donni, Lori and Jason

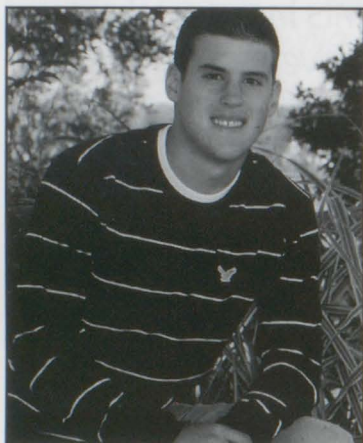

# Cameron Lauwers

Cameron,

We're here right beside you and you're gonna do fine,  
All you gotta do is keep it between the lines,  
'Cause it's a long and narrow road,  
Only the good Lord knows where it leads in the end,

but you gotta begin.  
So keep your hands on the wheel,  
believe in the things that are real,  
just take your time,  
and keep it between the lines.

We are so proud of you.  
Allow the Lord to lead the way; he will show  
you what to do.  
Trust him and believe! We love you!  
Mom, Dad, Jill and Erin

# Ronnie Casillas

Ronnie,

We want to tell you how proud of you we are.  
We are glad to have been a part of one of the  
most important moments in your life. Always  
remember the fun, laughter, first day fears,  
dances, new teachers and friends that made a  
difference in your life. You have become a  
strong, smart, intelligent, young woman and we  
hope you succeed in any dreams or goals you  
set because we know you are capable of  
reaching the top and more. You have made us  
so proud and we wish you the best.  
Love Mom, Michael, Julie, Crystal, Patty and  
family.

Congratulations 2009 Capac graduate!

Congratulations Ronnie,  
I am so glad you made it this far. Remember  
that no matter what happens you always have  
someone who loves you.  
Love, Cindy, Juli and Mona

No Greater Gift than...a Child  
 You are a beautiful young woman, strong in your convictions and determined to face life on your own terms. Even though your hand begins to slip from ours, we will hold you forever in our hearts. You have filled us with such pride and joy. You continue to give us hope that there is good in the world. Congratulations on your performance in high school and continued success in achieving your dreams.
